OFFICE OF PETITIONS

### *Petition for Correction of Filing Date of Provisional Application*

#### **Statement of Facts Involved**

U.S. patent application Serial Number 10/086,619 claims priority from three provisional patent applications:

60/273,303 (filing date 3/2/2001);

60/314,181 (filing date 8/16/2001 incorrectly listed as 8/15/2001); and

60/315,746 (filing date 8/29/2001).

The Office correctly noted that the filing date of the middle provisional application was incorrect in the declaration which was signed by all inventors.

At the time of the filing of the instant application, the assignee of the patent application, Dover Chemical Corp., was in the process of transferring Intellectual Property work from one law firm to the law firm of the applicant. This law firm did not

have all of the files associated with this matter in its presence as of the filing date of the instant application.

***Point to be Reviewed***

Applicant petitions for entry of the following accompanying papers with respect to the priority claim in this case.

(1) Declaration containing the priority claim with corrected filing date to provisional patent application 60/314,181.

The date associated with the provisional patent application should correctly be listed as August 16, 2001, but was incorrectly listed as August 15, 2001 on the declaration signed by the inventors. This was an inadvertent error, and was without deceptive intent, in that the return postcard was relied upon which showed an incorrect handwritten date. At the time of the filing of this patent application, a previous law firm was in the process of transferring the file and while the receipt date by the USPTO showed August 16, 2001, there was no way of verifying which date was correct.

It is respectfully submitted that this inadvertent error was with deceptive intent, and will not require the Office to perform any additional work in that the first filed provisional application was correctly identified as was a later filed provisional application. Additionally, the middle provisional application was correctly identified by serial number.

The Petition fee 37 C.F.R. §1.17(i) of \$130 is herein to be paid by the accompanying check.

***Action Requested***

Applicant petitions for entry of the attached declaration which correctly identifies the filing dates of all provisional patent applications. Applicant respectfully petitions for the issuance of a corrected filing receipt.

***Proposed Full Response***

A full and complete response is being filed with the office action which issued on December 2, 2002, into which this petition is attached. Additionally, the attached declaration is hereby requested to be entered into the case.

***Deposit Account***

The Commissioner is hereby authorized to charge any additional fee required to effect the filing of this document to Account No. 50-0983.

The entry of the correct provisional patent application filing date for serial no. 60/314,181 is earnestly solicited.
